## SALSA TOURS IN BOGOTÁ

This Salsa Night is perfect to meet the best salsa in Bogota. Start your evening learning the basics of salsa with a professional dancer. Discover the highlights of salsa history while you taste typical liqueurs from the region. Practice the steps learned with locals in three of the best salsa clubs in the city and end the night with an impressive live music or dance performance by renown artists from Bogota. Duration: 5-6 hours from Thursday to Saturday. Note: It is possible to take the express version (3 hours) of this tour from Monday to Saturday where you will visit a dance academy and one of the best salsa bars in the city.

We also offer a dance class tour and party in Bogotá, which is perfect for learning to dance Latin rhythms and live an unforgettable night in the most famous restaurant/bar in Bogotá. Start the night learning to dance by the hand of a professional dancer, learn about Latin music, try a typical liquor and enjoy an authentic party at Andrés Carne de Res (Chía) or Andrés DC (Bogotá) with local dancers until the midnight. Duration: 6 hours. Optional: Dancing couple (surcharge).

## BASKETRY WORKSHOP IN FILANDIA (COFFEE REGION)

Take a tour in the traditional town of Filandia for its picturesque colonial houses, the Plaza de Bolívar and its craft workshops, especially the basketry workshop where you will have an authentic basketry experience. This experience is led by a professional basket worker who will teach you how to weave with *bejucos*, tropical plants with long and thin stems, the baskets used by coffee pickers. Then you will have a typical gastronomic tasting. Finally, you will visit the Quindío's viewpoint where you can appreciate the beautiful coffee landscape.

## MOLECULAR COFFEE TASTING IN BOGOTÁ & CARTAGENA

Take part in an innovative molecular coffee tasting, guided by a professional barista from the Hacienda San Alberto coffee farm. The aim of the tasting is to leave behind the traditional ritual of professional tastings and learn to appreciate coffee in another way. During this tasting, you can compare the aromas and flavors of 3 different varieties of coffee, then you will experience these flavors tasting the 'crystals' (coffee jelly) that highlight the acidity of the coffee. And at the end you will taste the "pearls" of coffee, which highlight their citrus flavors and toasted notes.
